KEY SKILLS

- **Languages & Frameworks:** C# / .NET, PHP / Laravel, Java, JavaScript / React, Python, C++, Spring Boot / Web Services
- **Databases & Cloud:** SQL / Oracle, Azure, AWS
- **DevOps & Version Control:** Docker, Git, Linux, Microservices
- **Development Practices & Specializations:** TDD / DDD, IoT
- **Open to Learn:** Kubernetes, GraphQL, Machine Learning

PROJECTS

November 2024 - February 2025

Noodle Star Project

- Brought on board a client in Montreal, a close friend of a teammate, who operates a Chinese restaurant.
- Analyzed their requirements to develop a web application for order processing, menu display, and additional features.
- Collaborated in a team of four to design and build a custom full-stack web application from the ground up, completing it over multiple sprints.
- **Technologies:** React | Jira | GitHub | Figma | Postman | Docker | JaCoCo Reports | MySQL | NoSQL | MongoDB | Spring Boot | JUnit

September 2024 - October 2024

Pet Clinic Project

- Developing an ongoing full-stack web application for a veterinary clinic, with new features added in 2-week sprints using CI/CD practices.
- Collaborating within a team of six and coordinating with other teams.
- Each sprint is guided by dedicated Scrum Masters and Product Owners.
- **Technologies:** React | Jira | GitHub | Figma | Postman | Docker | JaCoCo Reports | MySQL | NoSQL | PostgreSQL | Spring Boot | JUnit

EDUCATION

Champlain College St-Lambert | Computer Science Technology DEC

August 2022 - May 2025

Relevant Courses:

- Azure, User Experience / Web Interface Design, Web Development with PHP / Laravel, Web Services and Distributed Computing, Web Programming and JS Libraries

WORK EXPERIENCE

March 2021 - November 2021

Boustan Cashier, Boustan Restaurant

- Used teamwork and attention to detail, which are important for debugging and maintaining deployment tools.
